

# Capture specialty pharmacy claims for increased 340B savings

## Build a valuable specialty program with ease

The specialty drug market is increasing at a rapid pace and capturing claims for these high-end specialty drugs can have a great impact on your 340B program savings. At CaptureRx, we can provide you with the expertise, relationships and proven processes to build a valuable specialty program - quickly. CaptureRx manages dual wholesaler relationships that will fulfill formularies unique to wholesalers. Our drop ship capability, as required for specific specialty drugs, makes it a seamless process. And our team of experts can provide you with a financial feasibility analysis to discover exactly how much added 340B savings is possible.

- Expanded formulary
- Dual wholesalers
- Custom ordering process
- Variable pricing models
- Drop-ship capability
- Program management
